

## NEWS

### ▶ ARRI SXT

- The full range will comprise ALEXA SXT EV, SXT Plus and SXT Studio models, replacing current ALEXA XT
- in-camera recording of ProRes 4K UHD (3840 x 2160 pixels) and ProRes 4K Cine (4096 x 2637 pixels)
- SXT cameras keep the acclaimed 3.4K ALEV III sensor of previous ALEXAs and add the state-of-the-art electronics of ARRI's groundbreaking ALEXA 65 camera.

### ▶ Lentequp Safetap Connector

SafeTap provides user feedback via its multicoloured LED. 8 amps (136W) continuous may be drawn from the connector. A sleep mode is activated at 10V, indicated by a blue light, to guard your battery against deep discharge. This feature prevents your costly power source from draining into the damaging extreme low voltage zone should you inadvertently leave a powered accessory unattended.

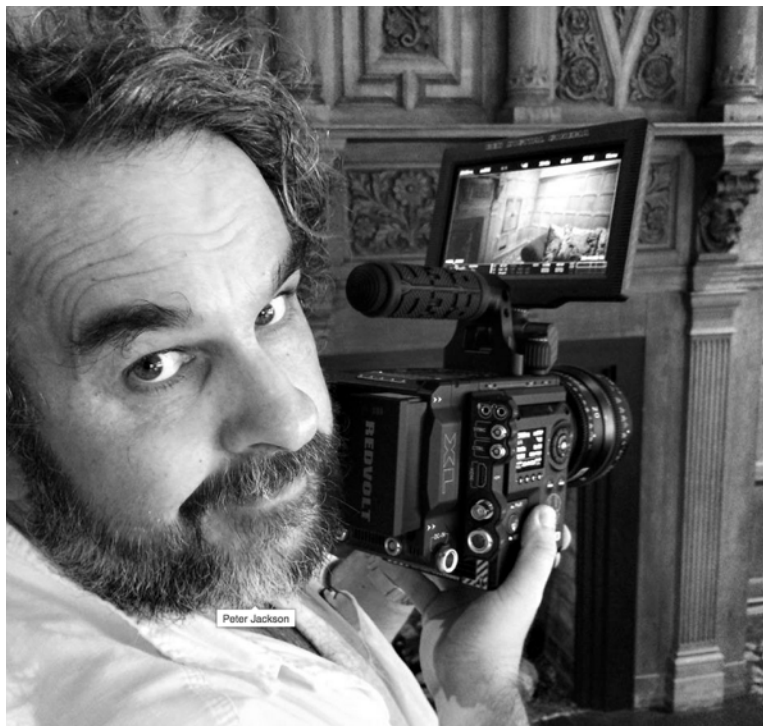

### ▶ Xtender mounts

'xtender10' discount code 10% off until end of NAB
